

# Always Hopeless

Suffokate

Burning a hole inside of myself once again  
I can feel the fire spreading  
And it won't, it won't ever end

BURNING, BURNING

Burning from the inside out

BURNING, BURNING

Everyone fades away  
Every time I close my eyes  
More and more just burn to ashes  
With the hope of a new light  
That ends when I close my eyes  
Time has come and gone  
Memories asre a thing of the past  
I'm holding on so tightliy  
But I feel I'm losing my grasp  
I'm losing my grasp  
Everything is starting to fall  
It begins to collapse on top of me  
It's crushing, its crushing me down  
I can feel the weight  
Crushing me down, crushing me down  
Crushing me into the ground  
I am empty  
This shit's hopeless  
I am empty  
Always hopeless, always hopeless  
Burning a hole inside of myself  
I can fell the fire spreading  
And it wont, it won't ever end

BURNING, BURNING

Burning from the inside out

BURNING, BURNING

Everyone fades away  
Time has come and gone  
memories are a thing of the past  
I'm holding on so tightly  
But I feel I'm losing my grasp  
Time has come and gone  
Memories are a thing of the past  
I'm holding on so tightly  
But I feel I'm losing my grasp.
