

Return to Despair

Suffokate

Return To Despair
We are the ones who will darken above
We are the ones who will tear down the sun
Knowing nothing but this hate we feel inside
We are all lost
You can't turn back time don't try
You can't turn back time
You can't turn back time
So many of us are incomplete
We are the ones who can't feel a thing
Those words I used to believe in have lost
Lost all there meaning
Now I'm standing here screaming
All the times I've wanted to end it all
I know you know what I'm saying
I've thought it through a hundred times over
Return To Despair
Everything I use to belive in
Has lost all of its meaning
We are the ones who will darken above
We are the ones who will tear down the sun
Knowing nothing but this hate we feel inside
We are all lost
You cant turn back time
You cant turn back time
This place is driving me fucking insane
Let it all go
FUCK EVERYTHING
FUCK EVERYTHING.
