## nourish this flame its been built on the ones we hate never knowing a last cry destined to bleed gates of fire come back brutality beat down with a vengeance of taking you i can't i could not wait for your death lets face this lets face this GO lets face this fucking defeat defeat defeat all that i must know is was it all worth taking my life gates of fire come back brutality beat down with a vengeance of taking you out

nourish this hold it close nourish this don't ever let it go

in the dark of my eyes to the front of blade

when i was cut off it faded away

just listen why i just can't wait

just kill the lights i just can't wait

remember remember to

I'm buried alive

SLAUGHTER YOUR ENEMY [4X]
