Sister Winter

Sufjan Stevens

Oh my friends I've
Begun to worry right
Where I should be grateful
I should be satisfied

Oh my heart I Would clap and dance in place With my friends I have so Much pleasure to embrace

But my heart is Returned to sister winter But my heart is As cold as ice

Oh my thoughts I Return to summer time When I kissed your ankle I kissed you through the night

All my gifts I gave everything to you Your strange imagination You threw it all away

Now my heart is Returned to sister winter Now my heart is As cold as ice

All my friends, I've Returned to sister winter All my friends, I Apologise, apologise

All my friends, I've Returned to sister winter All my friends, I Apologise, apologise

All my friends, I've Returned to sister winter All my friends, I Apologise, apologise

La la la la la...

And my friends, I've
Returned to wish you all the best
And my friends, I've
Returned to wish you all the best
And my friends, I've
Returned to wish you all the best
And my friends, I've
Returned to wish you a Happy Christmas

To wish you a Happy Christmas To wish you a Happy Christmas To wish you a Happy Christmas
