

# Star of Wonder

Sufjan Stevens

I call you  
From the comet's cradle  
I found you  
Trembling by yourself  
When the night falls  
Lightly on your right-wing shoulder  
Wonderful know-it-all  
Slightly where the night gets colder

Oh, conscience,  
Where will you carry me?  
I found you  
Star of terrifying effigies  
When the night falls  
I carry myself to the fortress  
Of your glorious cost  
Oh, I may seek your fortress

When the night falls  
We see the star of wonder  
Wonderful night falls  
We see you  
We see you

I see the stars coming down there  
Coming down there to the yard  
I see the stars coming down there  
Coming down there to my heart
