

SuperSexyWoman

Sufjan Stevens

She's a superhuman girl
She is Superwoman
She is Superman's cousin
She's got superpower lovin'

She's got superpower eyes
And see-through superhuman vision
She's got superhuman thighs
Sexier than television

She is superduper smart
I like her for her mind
She'll shoot a super fart
The deadly silent kind

She's got superhuman lips
For super suction
She's got superpower hips
For super reproduction

She's a superhuman girl
She is Superwoman
She is Superman's cousin
She's got superpower lovin'

She's got superhuman eyes
And see through superhuman vision
She's got superhuman thighs
Sexier than television

She's a lot like Catwoman
Just without the leather
She likes ropes and chains
And an electronic tether

She's got a superlong tongue
And spandex underwear
She's got Superman's smile
And Wonderwoman's hair

She's a superhuman girl
She is superwoman
She is Superman's cousin
She's got superpower lovin'

She's got superhuman eyes
And see through superhuman eyes
She's got superhuman thighs
Sexier than television

She is supergirl superwoman super-sexy-woman
She is supergirl superwoman super-sexy-woman
She is supergirl superwoman super-sexy-woman
She is supergirl superwoman super-sexy-woman
