

## The Sleigh in the Moon

Sufjan Stevens

We wait in our beds  
Tight under the sheets  
Just peeking our heads  
We've waited for weeks  
I can't go to sleep  
I tried counting sheep  
It's coming so soon  
The sleigh in moon

I'm holding my breath  
I can't keep it yet  
No, we won't forget  
We know that we're blessed  
We know that we're blessed  
We know that we're blessed
