

# Good to Be Gone

Sugababes

The news is out, word is on the street  
That I've been dancing to a brand new beat  
You had your chance to sweep me off my feet  
But I don't need you to make me complete

Now I'm gone  
So good to be gone

You're looking at me like I'm from outer space  
Well allow me to wipe that smile  
Right off of your face  
Whatever you thought was simply not the case  
Cause I'm out of your reach  
And I'm so out of this place

And I'm gone  
So good, so good to be gone

Yeah, so good to be gone  
So good to be gone  
Yeah, so good to be gone  
So good to be gone

So now there's something you wanna get off of your chest  
And now you're sorry for making such a mess  
And you never stopped loving me  
But I couldn't care less  
Cause that was some other girl, in some other red dress

And I'm gone  
So good to be  
So good to be gone

Yeah, so good to be gone  
So good to be gone  
Yeah, so good to be gone  
So good to be gone

Yeah, so good to be gone  
So good to be gone  
Yeah, so good to be gone  
So good to be gone

You never thought  
I'd break the spell that I was under  
You never thought  
I'd be as loud as thunder  
You never imagined  
How the tables could turn  
Turn the light my match  
Time to watch you burn

Yeah, so good to be gone  
So good to be gone  
Yeah, so good to be gone  
So good to be gone

Yeah, so good to be gone  
So good to be gone  
Yeah, so good to be gone  
So good to be gone
