

## In Recline

Sugababes

La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la

Call me honey  
Sugar, babe, I'm what you want  
I'm not asking no questions  
Who you're coming from  
Yeah, you're safe with me here  
You speak  
I become all tongue twisted  
And I turn

Don't get too attached to me baby  
Not right now  
Don't wait up when your  
Bored of throwing her around  
Yeah, you're safe with me here  
You speak  
I become  
Recipe to super fun

I'll give you something to think about  
When you get home  
A little something to trip about  
Come on baby it's that time  
Get my body in a recline  
Watch that, let it go  
Uh-oh, uh-oh, uh-oh, oh  
Uh-oh, uh-oh

Let's figure out how to get this started  
Once we get hooked up  
Well you can party  
I'm on a mission  
So don't play shy  
Hold my attention  
Not like other guys  
Looking to get what she don't wanna get  
Like it's your birthday  
It's what we'll get

You just hit, you hit this spot  
I'm frustrated  
Getting hot

How do you do it?  
How do you sleep at night?  
If she only knew it  
You're dreaming of me at night  
How do you do it?  
Do it?

You speak I become

Automatically undone

I'll give you something to think about  
When you get home  
A little something to trip about  
Come on baby it's that time  
Get my body in a recline  
Watch that, let it go  
Uh-oh, uh-oh, uh-oh, oh  
Uh-oh, uh-oh

La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la  
La, la, la, la, la, la

You just hit, you hit this spot  
I'm frustrated  
Getting hot  
I'll give you something to think about  
When you get home  
A little something to trip about  
Come on baby it's that time  
Get my body in a recline  
Watch that, let it go  
Oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh

Work it like you know it, boy  
You got to get me through the day, oh boy  
Work it like you know it, boy  
You got to get me through the day, oh boy  
Work it like you know it, boy  
You got to get me through the day, oh boy  
Work it like you know it, boy  
You got to get me through the day, oh boy
