(Ooooooooooh) yeah yeah  
(Ooooooooooh) yeah yeah yeah yeah  
(Ooooooooooh) yeah yeah yeah

By answering one simple question  
Am I really gonna releive your tension  
Put it all in another dimension now  
As I'm facing your sidewalk trauma  
Why do you have to punish your neighbour  
I must confess the prospects, they are found

I don't know why, feel like I'll give just one more good lesson  
I ain't just a piece of meat sitting in a delicatessen

Boy, do i turn you round  
When i turn you down  
Oh isn't this profound  
I know i turn you on  
You'd never be the one  
So why you hangin on

Can your wife and your kids really be a  
Part of your untouched feeling  
Do you actually think that your getting by  
Can you make me a street map of the wheel  
Your chasing a ball of string through  
Enters at the head office in your mind

I don't know why, feel like I'll give you just one more good lesson  
I ain't just some piece of meat sitting in a delicatessen

Boy, do i turn you round  
When i turn you down  
Oh isn't this profound  
I know i turn you on  
You'd never be the one  
So why you hangin on

Is it really a coinincidence  
Or is it just a wind-up  
Do you really think you shake my confidence  
Are you scared you'll get blown up then  
You gotta face the prospects when  
You try to eliminate the trend  
That's been  
Never emulate just stimulate your mind

(Ooooooooooh) yeah yeah  
(Ooooooooooh) yeah yeah yeah yeah  
(Ooooooooooh) yeah yeah yeah

Boy, do i turn you round  
When i turn you down  
Oh isn't this profound  
I know i turn you on  
You'd never be the one  
So why you hangin on

So why you hangin on baby
