

# Real Thing

Sugababes

Turn me over, turn me over again  
Turn me over, turn me over again  
Turn me over, turn me over again

Hey boy! Don't you know that you're the only one for me (oh baby)  
We contemplating 'bout the times we shared  
Baby never leave, oh yeah  
Even though it seems to me  
Your love for me is true  
I don't wanna ever be  
The one you make a fool

Is this the real thing?  
The once a love  
My whole being  
The one to give me everything  
Is this the real thing?

(Whatcha want?)  
Baby, why don't take this message as a sign  
Coz everytime I see you boy  
You're blowing my mind  
Let me take you higher so we almost touch the sky  
Tell me I'm the only one that sparkles in your eyes

Is this the real thing?  
The once a love  
My whole being  
The one to give me everything  
Is this the real thing?

Is this the real thing?  
(Sugababes, Sugababes, on the run, on the run, no doubt, no doubt)

Even though it seems to me  
Your love for me is true  
I don't wanna ever be  
The one you make a fool  
Let me take you higher so we almost touch the sky  
Tell me I'm the only one that sparkles in your eyes

Is this the real thing?  
The once a love  
My whole being  
The one to give me everything  
Is this the real thing?  
Cannot believe its happening  
Will you be truly outstanding?  
Is this the real thing?

Is this the real thing?  
(Sugababes, no doubt, Sugababes)

Is this the real thing?  
(No doubt, Sugababes, break it down)
