

Baby Boo

Sugar Jones

Hey boy gotta know what to do babe
I just wanna talk to you babe
I've been waiting for some of your honey lovin' baby
I been tryin' to fight this feelin'
Crazy sexy real cool feelin'
Can we do it baby can we do it baby all night
Well I don't know where to start
You got into my heart
I've been runnin' from you love
Runnin' from us
Should I let my feelings show
I want our love to grow
So won't you be my baby boo
Be my baby baby boo

Baby baby I know
You really really love me so
I'm never gonna let you go
'Cause baby baby I do
I really really love you too
So won't you be my baby boo

In the middle of the night baby boo babe
I just wanna talk to you babe
I be needin' some of that good honey lovin' baby
Don't you know you drive me crazy
Here's what I been thinkin' 'bout lately
I think I wanna be your honey lovin' baby
Well I don't know where to start
You got into my heart
I've been runnin' from your love
Runnin' from us
SHould I let my feelings show
I want our love to grow
So won't you be my baby boo
Be my baby baby boo

[Chorus]
