

Keep On Walkin'

Sugar Jones

Keep on walkin'
Keep on walkin'

See, see me walkin' down the street, tryin' to make me look at
you
You ain't got nothing' better to do, cause
I'd rather hang with my ladies, then to have to deal with you
I told that I don't have the time for you

So
why, why you wanna talk to me, I know
You wanna see me plead
All I gotta say is keep on walkin'
Prove, what the hell I got to prove, I'm a girl
who seeks the truth
All I gotta say is keep on walkin'

Tonight, you see me at the club again
You know I'm not lookin' to find
I just came to have a good time, hey
I, just cause I'm not like you, ya gotta act like a fool
Nothin' I can say to you, oh you (DOn't even)
Try to get down with me (Uh uh)
Try to be my baby (No way)
Try to get next to me, oh me (DOn't go there)
Try to start s**t with me (Don't try)
Try to get fresh with me (Uh huh)
Try to ruin my party, hey yeah

I know you want to see that secret side of me
But that will never be, oh...never be
Inside I'm finally free
Don't need to prove a thing
YOur wanna step, just keep walkin'

[Chorus to fade]
