Now it's my chance for a one night stand And I'm king of the can, I'm a ladies man I got so many women hanging on my sleeve So many fine women you wouldn't believe

Just wait till ya get near my feet
I got elastic love for a tournament
I can't stand the need now super freak
Come on and ride with me

See that nation by the barn With a foggy drink, yeah, that's a start We got big clothing, that's a cure Now I took it home so what the Hell
