

Disasterpiece

Sugar Ray

I just got hit by lightning again and she went right through me
Pick me up off my back replace my skin
Woman get your dirty mind out of my head, yeah

I never knew how good, I never knew how good it could be
All over the world she's that kind of girl
There's one in every scene, do you know what I mean?
She's got that kind of face you see in every place
Another beautiful girl all over the world

Once again ask the Devil how he's been
And my angel asked me, "Why do you always have to give in?"
So I told them, "You never know what day it is
Until it's Saturday night"
Get your dirty mind out of my head, yeah

I never knew how good, I never knew how good it could be
All over the world she's that kind of girl
There's one in every scene, do you know what I mean?
She's got that kind of face you see in every place
Another beautiful girl all over the world

I finally got it right, she knew what I was thinking
I always knew how good it could be
Stay tonight, stay tonight
I always knew how good it could be
Stay tonight, woman
I always knew how good it could be

All over the world she's that kind of girl
There's one in every scene, do you know what I mean?
She's got that kind of face you see in every place
Another beautiful girl all over the world
All over the world
