

# Girls Were Made to Love

Sugar Ray

Girls, girls, girls were made to love  
(? Sugar Ray... eh eh eh eh)  
Girls, girls, girls were made to love  
(I love them man, yes we love them, man)  
Girls, girls, girls were made to love  
(I wanna know, I- I wanna know now)

That's why you watch em walk down the street  
That's why the kisser? stays off his feet

Girls, girls, girls were made to love  
(I love them man, yes we love them, man)

I like the stylish things you wear  
I like the sunshine in your hair  
And when the things are goin' down  
I know you'll always be around  
(I wanna know now)

They giggle when I get that number  
They wiggle when I make them wonder  
You're not the only one I see  
Well you're not the only one, but you're the one for me

Girls, girls, girls were made to love  
(I love them man, yes we love them, man)  
Girls, girls, girls were made to love  
(I wanna know, I- I wanna know now)

That's why you watch em walk down the street  
That's why the kisser? stays off his feet

Girls, girls, girls were made to love  
(I love them man, yes we love them, man)

So many girls up on ship lookin for love  
So when I speak in ?

She said she gets it from her mother

So many girls, I love them man  
You can sweep on the beach, I run them all (oh oh ohh)

They giggle when I get that number  
They wiggle when I make them wonder  
You're not the only one I see  
Well you're not the only one, but you're the one for me

Girls, girls, girls were made to love  
(I love them man, yes we love them, man)  
Girls, girls, girls were made to love  
(I wanna know, I- I wanna know now)

That's why you watch em walk down the street  
That's why the kisser? stays off his feet

Girls, girls, girls were made to love

(made to love, love, love)

She's so fine and  
So divine and  
Keeps me smilin'

Help me darlin'  
Stars are callin'  
Keep your fallin'

And they giggle when I get that number  
They wiggle when I make them wonder  
You're not the only one I see  
Well you're not the only one, but you're the one for me
