

Psychedelic Bee

Sugar Ray

Drop me, a certain kind of thing
That you've always wanted from me
Gotta be a certain food
Let's only give everybody
Psychedelic bee
And versus singing certainly in title
In the sky
That you wan't so bad
You've got to cry
You wan't, wan't, wan't more
Give me, me, me more and more
Till the end
Try first, you wan't a certain type of crew in the sky
That you wan't so bad~
You've got to cry
It'll be like you, ending in a bad dream
Can't remember my friend will be
Psychedelic bee
Gonna cry, cry, cry
Give me, me, me more
