

She's Got The (Woo-Hoo)

Sugar Ray

Hey hey hey hey
She's got the woo hoo
She's got the woo hoo
Do you know what I mean

Hey hey hey hey
She's got the woo hoo
She's got the woo hoo
Do you know what I mean

She knows how to work it
And when she's playin
Nobody is safe

She shines like a diamond
And if you find her
She'll blow you away

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey hey hey hey
She's got the woo hoo
She's got the woo hoo
Do you know what I mean

She comes when she's ready
She's Sex and the City
She'll bring you to your knees

Don't try to control her
Cause it'll be over
She's scandalous
She's got to be free

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey hey hey hey
She's got the woo hoo
She's got the woo hoo
Do you know what I mean

She knows how to work it
And when she's playing
Nobody is safe

She sleeps all day
She's out all night
She's always satisfied
And you can't deny it

Hey hey hey hey

She's got the woo hoo
She's got the woo hoo
Do you know what I mean
