

Shot of Laughter

Sugar Ray

Summer, summer, summer
Wanna endless summer

Every Monday it's all over town
It's not complicated how I get it around
Slept under the boardwalk, we woke with the sun
Woke up from my dream without anyone

When you got nowhere to go
And you're feelin' really, really, very alone
There's one thing you ought to know

I'd say the life is just a dream that we chase after
It's not exactly what it seems
I'd like to buy the world another shot of laughter
And buy my friends another drink

Summer, I wanna endless summer
Summer, I wanna endless summer

I'd never thought I'd say I'm sick of the sun
I'd never thought I'd say I miss anyone
It's only some heartache I laughed and I thought
There's one thing you ought to know

I'd say the life is just a dream that we chase after
It's not exactly what it seems
I'd like to buy the world another shot of laughter
And buy my friends another drink

Summer, I wanna endless summer
Summer, I wanna endless summer

I'd say the life is just a dream that we chase after
It's not exactly what it seems
I'd like to buy the world another shot of laughter
And buy my friends another drink

When you got nowhere to go
And you're feelin' really, really, very alone
There's one thing you ought to know

I'd say the life is just a dream that we chase after
It's not exactly what it seems
I'd like to buy the world another shot of laughter
And buy my friends another drink

Summer, I wanna endless summer
Summer, I wanna endless summer

When you got nowhere to go
(Summer, I wanna endless summer)
And you're feelin' really, really, very alone
(Summer, I wanna endless summer)
There's one thing you ought to know

Summer, I wanna endless summer

Summer, I wanna endless summer
