

# Words to Me

Sugar Ray

Get up!  
Get up!  
Get up!  
Yeah  
Get up!  
Get up!  
Get up!  
Get up!

She sings these words to me  
She sings these words to me  
I look at you and try to do  
the best I can  
but sometimes  
it ain't that easy  
If not today, she said, then tell me when  
I think I tried to say I'm sorry  
Then she said these words of reverence  
Please don't leave me hanging on and on  
I see the light in your window  
Look at the sky and we can go  
Away

Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna  
Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna

La, la, la, la, la, la  
She sings these words to me  
She sings these words to me  
Baby  
The summer's sun is warm  
and you, are everywhere  
But sometimes  
it ain't that easy  
I count the days till I see you again  
You know I tried and I am sorry  
One night can make a difference  
Please don't leave me hanging on and on  
I see the light in your window  
Look at the sky and we can go  
Away

Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna  
Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna

La, la, la, la, la, la  
She sings these words to me  
She sings these words to me  
Baby  
And I don't mind the waiting  
When she sings these words to me  
I see the light in your window  
Look at the sky and we can go  
Look at the sky and we can go  
Away  
She says these words  
She says these words  
La, la, la, la, la, la  
She says these words  
Come away with me tonight  
She says these words  
La, la, la, la, la, la  
She says these words  
Come away with me tonight

Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna  
Get up!  
Get up!  
Get up!  
Yeah  
Get up!  
Get up!  
Get up!And I'm gonna  
Pick you up and take you where I wanna  
Get up!  
Get up!  
Get up!

And I don't mind the waiting  
when she sings these words to me  
La, la, la, la, la, la  
Come away with me tonight  
La, la, la, la, la, la
