

# Helpless

Sugar

Another time time after time  
You make me feel so helpless I  
I never tried to change your mind  
I keep it to myself it's

Sometimes I've got to tell you  
Is it this time I'll tell you  
We've got to go to places  
Somewhere I don't mind it's special

And now you find as time goes by  
You're left with nothing  
Meaning much  
The meaning I will have to try  
To take your mind to places

I wish that I could help you  
But you seem less than helpless  
I always tried to tell you  
Someday that it'd seem so special

Time after time what's on your mind  
You make me feel so helpless I  
You never tried what's on your mind  
You make me feel so helpless I  
I feel so helpless I

You're left alone with something  
And I hope for you it's one thing  
That something you and yours can  
Hold and hold as something special

And now you find as time goes by  
You're left with nothing meaning much  
The meaning I will have to try  
What's on your mind so helpless I  
I feel so helpless I
