

# What You Want It To Be

Sugar

And all the stories you read  
Don't know what to believe in  
And everythin' that you see  
Don't you see what you need, yea?

It makes you wanna believe  
As you lie in the weeds  
The lies get amplified and  
It's what you're saying to me  
It's what you want it to be, yea

It's what you want it to be, yea  
It's what you want it to be, yea  
It's what you want it to be, yea

Well, take a look at my face  
Don't you know I can see, yea?  
And you don't know what you want  
I don't know what you need, yea eee yea

It may be simple, but me  
I don't have to deceive you  
I don't have the time to  
But what you're saying to me  
Is what you want it to be, yea

It's what you want it to be, yea  
It's what you want it to be, yea  
It's what you want it to be, yea

You've been talkin' in rhymes  
You don't know what you mean, yea  
And I can see through it all  
Through the web that you weave, yea eee yea

It may be simple, but me  
I don't have to deceive you  
I don't have the time to  
But what you're saying to me  
Is what you want it to be, yea

It's what you want it to be, yea  
It's what you want it to be, yea  
It's what you want it to be, yea

Well, take a look at my face  
Don't you know I can see?  
You don't know what you wanna with me  
But what you're sayin' to me  
Is what you want it to be, yea

It's what you want it to be, yea  
It's what you want it to be, yea  
It's what you want it to be, yea eee yea

What you want it to be, yea  
It's what you want it to be, yea eee yea

What you want it to be, yea  
It's what you want it to be, yea
