

April Showers

Sugarland

Looking for an angel in these hills
Looking for a map to find what we left behind
Knowing that we will
Always end up right where we start
Cause I got time on my hands and hope in my heart
We both understand we weren't meant to be apart

April showers bring May flowers
I have seen rain before
But if Sunday morning lets that sun in
What are we waiting for
Cause love leaves an open door

If I had one wish I'd wish for two
One for me, baby, and one for you
It would find you right where you are
With time on your hands and hope in your heart
We both understand we were written in the stars

April showers bring May flowers
I have seen rain before
But if Sunday morning lets that sun in
What are we waiting for
Cause love leaves an open door

It's worth all the cost
Til I find what I lost in your eyes
And you realize

April showers bring May flowers
We have seen rain before
But if Sunday morning lets that sun in
What are we waiting for
Cause love leaves an open
Wishing and hoping
Love leaves an open door
