

# Incredible Machine

Sugarland

Feels like I'm flying,  
Wings made of light  
Brand new and shining  
Like a shot rung out through the night

A heart that beats, an Incredible Machine  
Made of blood and love and hope and lust and steam  
Calling, calling, calling

Feels like i'm floating  
Weightless in flight  
Planets exploding as the soul and gravity fight

A heart that beats, an Incredible Machine  
Made of blood and love and hope and lust and steam  
Calling, calling, calling

Lifted higher mercury skies above (above, above)  
Calling, water fire burning a sign of love (of love, of love)

A heart that beats, an Incredible Machine  
Made of blood and love and hope and lust and steam  
Calling, calling, calling, calling
