Oh ay oh ay oh
Oh ay oh ay oh
Oh ay oh ay oh
Oh ay oh ay oh

Ive been waiting my whole life betting on a change
See it coming getting better getting better now
Feel the shake shake steady of a soul to the flame

Come in closer oh come feel the love on the inside
Electric current in my veins
Lets me know I'm alive
I burn I breathe I blink I change

Wide wide wide wide open
And its a fine fine fine fine world
And this is my my life I'm hoping
Will be a fine fine fine fine world

Oh ay oh ay oh
Oh ay oh ay oh

Every life has a moment where sweat meets fate
On your mark get ready get ready now
Gonna find out fast what a heart can take

Come in closer oh come feel the love on the inside
Electric current in my veins
Lets me know I'm alive
I burn I breathe I blink I.....

Wide wide wide wide open
And its a fine fine fine fine world
And this is my my life I'm hoping
Will be a fine fine fine fine world

Around a wide, wide, wide, wide open
And its a fine fine fine fine world
