

Here She Comes

Sugarplum Fairy

Oh you got to see her
Always wears black and black
To her the world is a mirror
and she never looks back
Now watch her go
She never asks any questions
no answers are new to her
She only moves with perfection
She tells you what she prefers
Here she comes
Here she comes
Here she comes
Chews that gum
You dance, she answers poetic
Look her deep through her eyes
Her lips moves like their magnetic
She is close by your side
But dance is all there is to it
Nothing more then before
Because when your lips are near hers
She pushes you to the floor
here she comes
here she comes
here she comes
chews that gum
