

It Takes Time, It Takes Two

Sugarplum Fairy

To make our comeback
You better come back
To make our comeback
You better come back
To make our comeback
You better come back
To make our comeback
You better come back
Can you hear me?
I'm singing to you loud
I am locked in my basement
And I don't know if I'll get out
Can you see me?
If you saw me you would cry
I'll die for getting better
I will write you love letters, I'll try
I'll be a biblical boy
So, oh, oh, oh, oh, ooh
It takes time, it takes two
You better wait for me too, you better
Wait for me too, you better
Wait for me too, to come back
To make our comeback, you better
It takes time, it takes two
You better wait for me too, you better
Wait for me too, you better
Wait for me too, to come back
To make our comeback, you better
Does it hurt now?
And the pain will explode
Is it hard when you're running down that road
While carrying that load
So release me
And I'll make you aware
That it takes time, it takes two
To make old into new, and I swear
I'll be a biblical boy
So, oh, oh, oh, oh, ooh
It takes time, it takes two
You better wait for me too, you better
Wait for me too, you better
Wait for me too, to come back
To make our comeback, you better
It takes time, it takes two
You better wait for me too, you better
Wait for me too, you better
Wait for me too, to come back
To make our comeback, you better
It takes time, it takes two
You better wait for me too, you better
Wait for me too, you better
Wait for me too, to come back
To make our comeback, you better come back
You'd better come back
You'd better come back
You'd better come back
You'd better come back

You'd better come back
Well, it's time to run
'Cause the gangs will come
And I said
"Oh, I left my gun"
Oh, I left my gun
Oh, I left my gun
Oh, I left my gun
Oh, I left my gun
Oh, I left my gun
