## It Takes Time, It Takes Two

## **Sugarplum Fairy**

To make our comeback You better come back Can you hear me? I'm singing to you loud I am locked in my basement And I don't know if I'll get out Can you see me? If you saw me you would cry I'll die for getting better I will write you love letters, I'll try I'll be a biblical boy So, oh, oh, oh, oh It takes time, it takes two You better wait for me too, you better Wait for me too, you better Wait for me too, to come back To make our comeback, you better It takes time, it takes two You better wait for me too, you better Wait for me too, you better Wait for me too, to come back To make our comeback, you better Does it hurt now? And the pain will explode Is it hard when you're running down that road While carrying that load So release me And I'll make you aware That it takes time, it takes two To make old into new, and I swear I'll be a biblical boy So, oh, oh, oh, oh It takes time, it takes two You better wait for me too, you better Wait for me too, you better Wait for me too, to come back To make our comeback, you better It takes time, it takes two You better wait for me too, you better Wait for me too, you better Wait for me too, to come back To make our comeback, you better It takes time, it takes two You better wait for me too, you better Wait for me too, you better Wait for me too, to come back To make our comeback, you better come back You'd better come back You'd better come back You'd better come back

You'd better come back

You'd better come back
Well, it's time to run
'Cause the gangs will come
And I said
"Oh, I left my gun"
Oh, I left my gun
Oh, I left my gun
