

Roll My Soul

Sugarplum Fairy

Roll my soul it makes me standing
Makes me leaving my control
Roll my soul I love you madly
Falling down a corridor - when you roll my soul

Roll my soul for every other
We can share joy with you
Roll my soul for every other
Singing songs and being blue
When you roll my soul

So d'you think? We can go
Still beloved still think so
So d'you think? We can go

Roll my soul
I'm never leaving rock 'n' roll
Roll my soul
I'll sell myself to rock 'n' roll
Roll my soul
I'll never sing without the soul
If you roll my soul

Roll my soul we are the future
It's the sound of being new
Roll my soul we are the future
So stand in line and smile when you
When you roll my soul

So d'you think? We can go
Still beloved still think so
So d'you think? We can go

Roll my soul
I'a never leaving rock 'n' roll
Roll my soul
I'll sell myself to rock 'n' roll
Roll my soul
I'll never sing without the soul
If you roll my soul
