

I want you and I don't wanna wait anymore  
Faster then any bullet blows  
And I need you to kiss me from head to toe  
?Cause you're so foxy and it makes me go  
Gave you all the answers  
Gave you, made you all I had  
Let me be remembered as the best of every band who  
Ever had a brilliant plan so I ran and ran and what  
then  
I started a rock 'n' roll band best of every band,  
that's me and my brothers? band  
The Johnny?s made the band, and our drummer made it  
real to live out our dreams  
And why because I wanted you so  
So then I wrote songs and I played them for you  
And the morning story was my blues  
Turning Into Nothing  
The rain began to fall as the bus stopped, falling in  
The man in the window turns his face and he starts to  
sing  
He's giving her the look; he's falling from the sky  
He's leaving his own mind  
Keep on turning into nothing  
What you need's what you've got  
It's not your problem anymore  
Turning into nothing  
You twinkled and twisted you're back in your old ?65  
I saw you in a daydream with the treetops on your head  
The multicolored girl in the net wanna see the dead  
Where are your fantasies?  
Oh please don't bother me  
I made it up for you
