Sugarplum Fairy

I want you and I don't wanna wait anymore
Faster than any bullet blows
And I need you to kiss me from head to toe
?Cause you're so foxy and it makes me go
Gave you all the answers
Gave you, made you all I had
Let me be remembered as the best of every band who
Ever had a brilliant plan so I ran and ran and what
then
I started a rock 'n' roll band best of every band,
that's me and my brothers? band
The Johnny?s made the band, and our drummer made it
real to live out our dreams
And why because I wanted you so
So then I wrote songs and I played them for you
And the morning story was my blues
Turning Into Nothing
The rain began to fall as the bus stopped, falling in
The man in the window turns his face and he starts to
sing
He's giving her the look; he's falling from the sky
He's leaving his own mind
Keep on turning into nothing
What you need's what you've got
It's not your problem anymore
Turning into nothing
You twinkled and twisted you're back in your old ?65
I saw you in a daydream with the treetops on your head
The multicolored girl in the net wanna see the dead
Where are your fantasies?
Oh please don't bother me
I made it up for you
