

# The Soul Of The Sun

Sugarplum Fairy

You've got the soul of the sun in your eyes  
I have been trapped by the shine and the light  
You got the heart of a queen and your mind  
Gives me the kicks that I need to survive

As I've been trying to say it to you  
You have seen me right through  
You've got the heat  
You're surreal  
I can feel  
You're a goddess  
You're taking me down

Give it to me Ellie, Ellie it's a Saturday night  
You are turnin' into mine I know  
Now I know  
Sing it to me Ellie, Ellie see the Saturday lights  
You know that you're mine tonight I know  
Now 'cause you got the soul of the sun

I caught the soul of the sun in your eyes  
I was so cold now I'm warm and alive  
If it's a dream I will make it come real  
I might be dumb but I know how I feel

As I've been trying to say it to you  
You have seen me right through  
You've got the heat  
You're surreal  
I can feel  
You're a goddess  
You're taking me down

Give it to me Ellie, Ellie it's Saturday night  
You are turnin' into mine I know  
Now I know  
Sing it to me Ellie, Ellie see the Saturday lights  
You know that you're mine tonight I know  
Now 'cause you got the soul of the sun

What if it's over now?  
What if it's over now?  
'Cause if it's over now  
I'm over now

Give it to me Ellie, Ellie it's a Saturday night  
You are turnin' into mine I know  
Now I know  
Sing it to me Ellie, Ellie see the Saturday lights  
You know that you're mine tonight I know  
Now 'cause you got the soul of the sun

Yeah you got the soul of the sun  
Yeah you got the soul of the sun  
Yeah you got the soul of the sun  
Yeah you got the soul of the sun
