

## ...Lies

### Suicidal Angels

Human weakness is divulged by the Gods that we create  
Altars, churches, icons only aim to desecrate  
Incarnate the Evil in the pleasures of flesh  
To the virginity of Mary shall everybody pledge?

Jesus lies, Blood Religion of the past  
Jesus lies, false impressions, they won't last

Silent prays and crying, when you lose all of your hopes  
Faithful filthy servants offer you the rope  
Listen to me bastard dogs, will you ever see the light?  
Time has come for us, time to praise the Night  
Your foolish words are empty, they're disgusting dust  
Hopeless rotten victims to the altar of Lust

Confession's entertainment, glad to relieve your pain?  
Preachers gossiping your life, amusement's what they gain  
You'll see there is no Heaven, you'll see there is no God  
No hope for resurrection, Christianity is a fraud
