Ain't Gonna Take It

Suicidal Tendencies

Ain't gonna take it – Amymore (3x)

Don't mess with my head – don't mess with my head
Don't mess with my head – don't mess with my mind
Now you messed with me the very last time
Well I'm mad as hell – hell that's the truth
For someone like you I got no use

Ain't gonna take it – Anymore (3x)

It's a quarter to pain – half past hate
I got to get moving cause I'm running late
It was all thought out, but now I'm breaking the pain
In a moment we'll find out who's the man
Well you should have stopped and seen that I'm not the one
Now there's no stopping what's got to get done
You shouldn't have messed with my head
You shouldn't have messed with my mind
And now you'll find out about cyco time

Ain't gonna take it – Anymore

You picked at my soul – you picked at my brain
You pushed my button like I'm a video game
You picked at my head you picked at my mind
But now you've picked on me the very last time
Cause I'm heavy on my mind and I'm light on my feet
That's just the sad facts thats not conceit
You picked at my head you picked at my mind
But now you've picked on me the very last time
Ain't gonna take it Ain't gonna take it Ain't gonna take it

Ain't gonna take it – Anymore (3x)
