Animal, animal, I'm an animal  
Animal, animal, I'm an animal  
Animal, animal, I'm an animal  
Animal, animal, I'm an anima

Every little thing, every little thing,  
Every little thing, every little thing

Every little thing that you go and do  
Makes me wanna give it wrong back to you  
Every little thing that you do and say  
Raises up the anty of the price that you'll pay

Animal, animal, I'm an animal - I love to fright  
Animal, animal, I'm an animal - all day and night  
Animal, animal, I'm an animal - I can bark and bite  
Animal, animal, I'm an animal - you heard that right  
Everything you do makes me wanna bite you

Every little thing, every little thing,  
Every little thing, every little thing

Every little thing that you go and do  
Makes me wanna give it wrong back to you  
Every little thing that you do and say  
Raises up the anty of the price that you'll pay

Everything you do makes me wanna bite you

Animal, animal, I'm an animal  
Animal, animal, I'm an animal  
Animal, animal, I'm an animal  
Animal, animal, I'm an animal
