

You tell me what I want to hear  
I hear it all with my ears  
But that won't do me any use  
So I use my eyes to see the truth

I've got cyco vision  
I use cyco vision  
I see cyco vision  
I've got cyco vision

It doesn't matter what you say (bullshit)  
It only matters what you do (no shit)  
You cannot take the easy way with me  
'Cause I've got cyco vision

You put a smile on your face (?)  
To try and hide behind your lies (?)  
But that just magnifies the pain in your soul  
I see with my cyco vision

I've got cyco vision  
I use cyco vision  
I see cyco vision  
I've got cyco vision

When you think with all your might (you change)  
Right to wrong and wrong to right (don't change)
