Feeding the addiction

You haven't eaten in days and your gums are bleeding  
Swearing to God the pipe's all you're needing  
It's robbing or stealing or turning a trick  
You do whatever it takes to suck on the Devil's dick

The more you feed it, the harder it is to tame  
Taking in the Beast, playing it like a game  
Lying to yourself saying the same old shit  
"I don't need it, I just don't want to quit"

The hunger of addiction calls  
There's nothing romantic about going through withdrawals  
You're craving a sample well, here's just a taste  
Picking and scratching the scabs on your face

Your life support system's a syringe  
Killing a piece of your soul every time you binge  
Praying to God and begging for forgiveness  
Knowing damn well that you can't keep going on like this

I won't give up the plot but here's a few surprises  
Muscle spasms, you're puking as your temperature rises  
Led off to slaughter like a heard of cattle  
The demons inside have won the battle

The Devil takes another soul to burn  
What does it take for another fool to learn  
The ritual's over as another one dies  
The ritual begins as another one tries

It's a feeding time...  
It's your feeding time  
It's a feeding time...

It's your feeding time  
It's a feeding time...  
It's your feeding time  
It's a feeding time...  
Feeding...the monster!
