

Get Your Fight On!

Suicidal Tendencies

We're here tonight
It's on tonight
We're here tonight
Tonight's the night

Just look around, you'll see the whole world gone crazy
I used to blame it on the hippies and stoners and the lazy
Cause you need a clear mind when you take it to the street
When you lift up the pipe, you've already admitted defeat
We need not just the fists to lift up, but the souls to rise
To fight on against the tyrants and systems we despise
And if you're waiting on a hero then, we'll all be damned
While the politicians laugh on, cause it is going just as they planned

We're here tonight
So get your fight on!
It's on tonight
So get your right on!
We're here tonight
So get your right on!
Tonight's the night
Let's get our fight on!

My head is pounding from the terror
That's keeps blasting out of the tv
Don't take a genius or a chemist
To figure out it's pure insanity
I know it's instinct that try's tells you
That you bet to hide and retreat
But we've already lost
If you're afraid to be beat

So get your fight on!
And get your right on!
Now get your right on!
And get your fight on!

You got to believe in a purpose
You got to fight for the just cause
You got to know the difference of what's right and what's just a law
And you got to refuse that urge to never, never, never give up
So are you ready to take on the fight
Cause we know the world's so fucked up
Let's get our fight on!

Chorus:
As long as we move, as long as we breath
Now get your right on!
As long as we live, we'll always believe
Now got your right on!
As long as we breath, we'll always believe
Now got your fight on!

We're here tonight
So get your fight on!
It's on tonight
So get your right on!

We're here tonight
So get your right on!
Tonight's the night
So get your fight!

We're here tonight
So get your fight on!
It's on tonight
So get your right on!
We're here tonight
So get your right on!
Tonight's the night
Let's get our fight on!
