

## Lost Again

## Suicidal Tendencies

Lost it! I'm caught in a rage  
Like an animal locked in a cage  
Now I look into the barrel of a guage-boom!  
Made me into the fool  
Experimented on me like an animal  
Turned me into a common criminal-criminal!  
I lost it, but I gotta get with it  
Mutherfucker, now you're gonna get it  
I ain't one that'll sit and forget it

I got into a war I can never win  
Where the nightmare never ever ends  
And I don't know what I'm saying  
Got into a war with reality  
That motherfucker it was waiting for me  
And I lost again!  
I lost again!

Took my dreams, ya left them there shattered  
Took my hopes, ya dug them and they splattered  
Took my mind like it didn't even matter  
Entered a world that I didn't belong  
Thought I could take it but I stayed too long  
Thought I could handle it,  
boy was I wrong!

Fighting a war I can never win  
Where the nightmare never ever ends  
And I'm not into playing  
Got into a war with reality  
That motherfucker it was waiting for me  
And I lost it again!

Lost it! Lost again  
Lost it! Lost again  
Lost it! Lost again  
I Lost it!

I went to war with reality  
That motherfucker he was waiting for me  
I never thought this could happen to me-damn!  
Down so low but I can't be no higher  
When I was burning up you put wood in the fire  
You ain't nothing but a goddamn liar-liar!  
Took all my strength now I tremble and drop  
You got to be down to go over the top  
Oh, God can't you make this laughter stop?

Died in a war I could never win  
Where the nightmare never ever ends  
And I lost it again  
Got into a war with reality  
That motherfucker it was waiting for me  
And I lost again!

Liar, killer! Lost again!  
I lost!

Murder, Killer! Hell I lost again!  
No! No!  
Cleanse me from your evil  
You broke your promises!  
What did I do to deserve this?  
No one to save me from it!  
Oh, Lord please have mercy  
And now I've come to see it  
Something's gone wrong with me  
I guess I got lost in reality  
Hell I lost again!  
Sure ain't easy, hell I lost again!
