

## No Fuck'n Problem

### Suicidal Tendencies

You talk your shit, but I ain't listenin'  
And I don't do no ass kiss'n  
Now here's the point that you've been missing  
No fuck'n problem at all

Ain't got no fuck'n problem, I got no fuck'n problem at all

You ain't alive - if you ain't livin'  
You waste your life whining and sniveling  
So buckle up cause now I'm driving  
No fuck'n problem at all

You think you know everything and more  
But a surprise you'll be in for  
Add it all up and you got no score  
No fuck'n problem at all

You play the part - that I got no use  
Don't mean a thing cause you got no juice  
I live in peace I don't need a truce  
No fuck'n problem at all

I got a piece but not to the puzzle  
No time to think staring down a muzzle  
I rise above and watch you fizzle  
No fuck'n problem at all
