

Scream Out

Suicidal Tendencies

Pressures charging try to stall
Pound my head against the wall
I've been feelings this for way to long
I've been fighting this for way too long
Something's bout to happen - get out of my way
Something's better happen - get out of my way

Scream and shout - let it out
Rip it out - Scream and shout
Scream and shout - let it out
Break it out - Scream and out
Scream out
Scream out
Scream out
Scream out
Scream out

Hypnotized, Analyzed - A sorry attempt to sanitize
When I've been feelings this for way too long
When I've been fighting this for way too long
I guess I'll do it my way - your's don't work
I'm left to do it my way - your's don't work

Scream and shout - let it out
Rip it out - Scream and shout
Scream and shout - let it out
Break it out - Scream and out
Scream out
Scream out
Scream out
Scream out
Scream out
