Sou you better hope that I can't change the world with a song...
'Cause I'd change it all!

Can someone please ge me a diet pepsi?

You can't return to sender all this love I send
You have no choice in this, only I can say when it ends
You may not know it yet, but you're loving it that we're back
'Cause there ain't nothing as sweet as a suicidal maniac, viva los
