## Suicidal Tendencies

Coming straight from the heart

I got Sui pride flowing thru my veins  
That's the shit that makes you immune to pain  
No matter how much carp you face day after day  
It's never too much if you're living the Sui way  
Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal

Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal  
Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal

I'm suicidal, I'm suicidal, I'm suicidal

I got some crazy thoughts screaming in my head  
If I wasn't suicidal I would be dead  
It's hard to hold back  
All the crazy shit that's inside  
But I'm powered by my suicidal pride

Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal  
Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal

I got that Sui pride, high on that Sui pride  
I got that Sui pride, riding that Sui pride  
Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal

Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal  
Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal

Check your head, watch your back, define your enemy  
Cause I'm gonna getcha, getcha, getcha, just you wait and see  
What it is, what it ain't, and what it's gonna be  
Can not be stopped by your confused fucking reality  
Hold the lies, heal the pain, and that's just the start  
I'm coming, coming, coming straight from the heart  
Stand up tall, head up high, ya you got that right  
Cause I'm suicidal muthafucka everyday and night

I got that Sui pride, high on that Sui pride  
I got that Sui pride, riding that Sui pride

Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal  
Straight from, straight from  
Straight from the heart  
Straight from, straight from  
Straight from the heart, I'm suicidal

Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal  
Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal  
Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal  
Coming straight from the heart  
I'm suicidal, ya suicidal, I'm suicidal, ya suicidal  
Coming straight from the heart
