

## Suicidal Failure

## Suicidal Tendencies

Father forgive me for I know not what I do  
I tried everything, but I'll leave it up to you  
I don't want to live, I don't know why  
I don't have no reasons, I just want to die

I'm a suicidal failure, I've got to get some help  
I have suicidal tendencies, but I can't kill myself

I'm tired of this way of life, my patience has expired  
I'm barely just 19, but my life I will retire  
I went down to a rifle store, I bought myself a gun  
I pointed it at my head, but I couldn't get the job done

I took all my mothers sleeping pills  
I jumped off a freeway bridge  
I drank three kinds of poison  
And drove my car off a ridge  
I beat myself with a bat  
Put a noose around my head  
I overdosed on heroin  
But I'm still not dead

Death may not be the answer, it can't be all that great  
But me I'm not into living, with life I can't relate  
By some masochistic reasoning, I think that it will be fun  
I want to start my second life now  
So shoot me with your gun
