## Won't Fall in Love Today

## **Suicidal Tendencies**

Baby don't you be blue You know that I'll always be true You know that I'll always love you And we'll always be together too

Over a thousand things I can say to you Half of which would be un-true
But the one thing for sure I can say
Is that I won't fall in love today

Baby when you hold me tight You know everything will be alright So let's not take any time to fight Because you know I love you with all my might

Over a thousand things I can say to you Half of which would be un-true
But the one thing for sure I can say
Is that I won't fall in love today

Baby you make me feel like a man When we're rolling in the sand So come and take me by the hand And do the things you know we can

Over a thousand things I can say to you Half of which would be un-true
But the one thing for sure I can say
Is that I won't fall in love today
