

## Come To Me

## Suicide Commando

Black curse  
Black light  
Perverse  
Sick mind  
Restrain  
Your fear  
This game  
Is for real

So come to me  
And let me see  
Your body belongs to me  
No one will hear  
Your cry, your fear  
No one will know  
I stained your soul

Black light  
Dark room  
Death cage  
My rage  
These chains  
Of steel  
This pain  
Won't heal

So come to me  
And let me see  
Your body belongs to me  
No one will hear  
Your cry, your fear  
No one will know  
I stained your soul

Black curse  
Black night  
Dark room  
Black light

Black curse  
Black light  
Perverse  
Sick mind  
Restrain  
Your fear  
This game  
Is for real

So come to me  
And let me see  
Your body belongs to me  
No one will hear  
Your cry, your fear  
No one will know  
I stained your soul

Come to me

Come to me  
Come to me  
Come to me
