

## Dead Call

## Suicide Commando

Face down to the ground  
Come and punish me  
Blood, bodies never found  
Bend down and shoot me  
Tears dripping of my face  
God, don't you hate me?  
God, don't you hate me?  
Tears for my own disgrace  
Why don't you hate me?

Dead children call me

I hear dead children call my name  
Please don't you hurt me  
Please don't you hurt me  
dead children call my name  
Please can't you save me  
Please can't you save me

Dead call
