

## Jesus Wept

### Suicide Commando

Living like sinners  
We don't even care  
Loosing religion  
We're heathen

Slowly destroying our own precious world  
Slowly destroying our mind

God, where are you  
Don't leave me alone  
God, where did we go wrong  
God, where are you  
I don't want to stay  
God, please guide me the way

Killing our children  
We don't give a damn  
Killing our Jesus  
We're blinded

Slowly destroying our own precious world  
Slowly destroying our mind

God, where are you  
Don't leave me alone  
God, where did we go wrong  
God, where are you  
I don't want to stay  
God, please guide me the way
