

Don't Die

Suicide Silence

Life is a prison
Imagined by the demons within
It's in your head
So get the fuck you and come see me

I will give you every ounce of my being
I will give you the strength
I will give you every ounce of my being
I will show you my strenght
So let it drain out
Send every bit of that hate to me
We are to make this moment eternal
Just give me your hate

I will give you every ounce of my being
I will give you the strength
I will give you every ounce of my being
Just give me your hate

We have been beaten down
We have been pushed aside

We sing this songs so that you don't die
We sing this songs for the broken down
The beaten up and pushed aside
You aren't alone in this path of life
We sing this songs so you don't die
So you don't die

I will show you a pit of redemption
A place where you can find your own
We won't be tortured by the hatred
Taken in arms we make hate our home

We are the beaten and pushed aside
We sing this songs so you don't die

We are the beaten and pushed aside
We sing this songs so you don't die
We sing this songs so you don't die

We sing these songs for the broken down
The beaten up and pushed aside
You aren't alone in this path of life

We sing this songs so you don't die
We sing these songs for the broken down
The beaten up and pushed aside
You aren't alone in this path of life
We sing this songs so you don't die
We sing this songs so you don't die
