

## Cornea

Suis La Lune

You started crying right in front of me  
So then i embraced you and i swore i'd never let you go.  
I would never let you hurt yourself, like i do  
Then i pulled you tighter and i never wanted to let go.

Try to see it through my eyes - for the first time  
Understand, it's further from the truth.  
Try to see it through my eyes - for the last time  
Understand, it's further from the truth.

Just the other day you were standing next to me with tears in y  
our eyes

My eyes are blurring  
The colors washes out  
I need to see it with my own eyes

I've started... I've started to fade out  
I just wish i could believe in what i see.

Don't show the tears in your eyes  
Don't show what i'm becoming.
